Smarter. Digital. Mobile. Connected.

Streamline layovers and crew management with TA Crew Hub

Introducing the new mobile app for TA Crew Hub

TA Crew Hub houses each crew member's layover accommodation details in a singular, easy-to-navigate mobile application.

With TA Crew Hub, your crew members can:

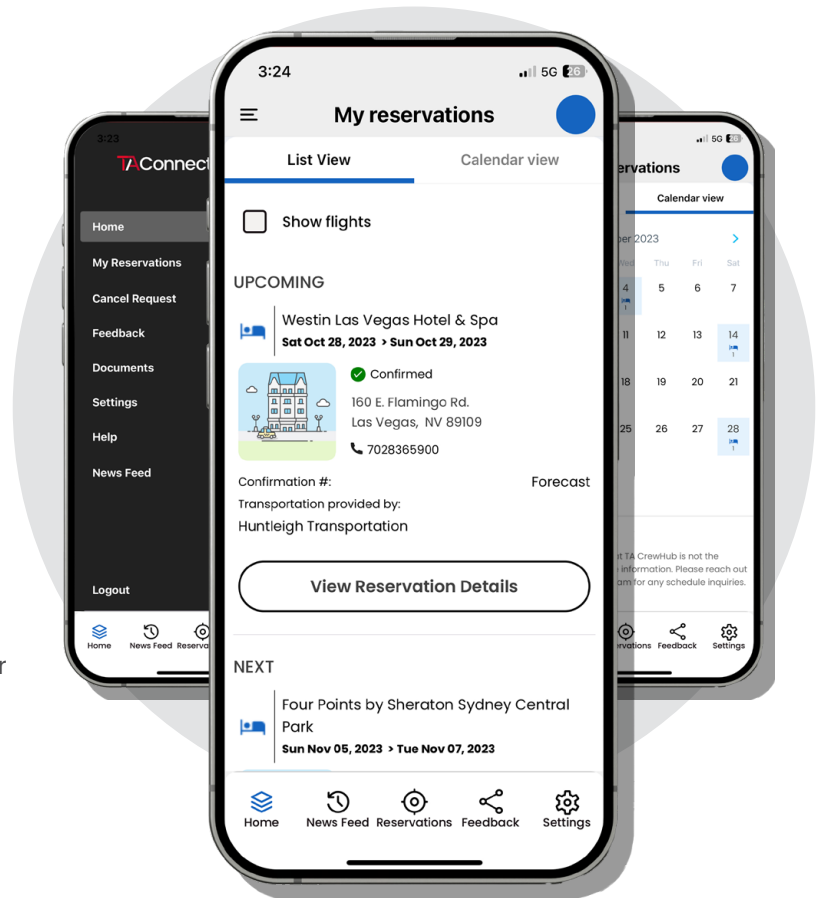

- **Know their lodging:** Hotel reservation details
- **Get where they're going:** Access transportation detail for hotel arrival and departure
- **Stay on schedule:** Manage upcoming flight schedule
- **Improve their stay:** Provide feedback for layover accommodations

Simplify crew communication and layover management

TA Crew Hub supports crew scheduling teams by providing a single viewpoint for crew member layover details, simplifying crew communication and reducing layover updates.

Simplify crew management with:

- **Single source of truth:** Central viewpoint of each crew member's accommodation details
- **Get it in real time:** Live updates reflecting layover accommodation changes
- **Personalized to your airline:** Customizable features to support your crews' unique needs

Streamlines crew layovers

Reduces crew scheduling team's workload

Keeps crew members up-to-date
